VOLUME 72 · SUBJECT INDEX

Abroad, Sexual mixing **306**
Accessibility, Accessibility of genitourinary medicine clinics **52**
Adolescent, Relationship between knowledge about sexually transmitted diseases and actual sexual behaviour in a group of teenage girls **32**
Africa
AIDS survival and progression in black Africans living in south London, 1986–1994 **12**
Should screening of genital infections be part of antenatal care in areas of high HIV prevalence? **148**
AIDS
Acute cytomegalovirus prostatitis in AIDS **447**
AIDS survival and progression in black Africans living in south London, 1986–1994 **12**
Epidemiology of cryptosporidiosis among European AIDS patients **128**
Haemolytic uraemic syndrome in patients with AIDS **172**
Oral candidal population dynamics in AIDS patients with recurrent oral candidosis **304**
Systemic lupus erythematosus features in an AIDS patient **448**
XI International Conference on AIDS Vancouver 7–12 July 1996 **365**
Alcohol, High alcohol intake and slow progression to AIDS **382**
Algorithm, Clinical algorithms for the screening of *Chlamydia trachomatis* in Turkish women **182**
5-aminolevulinic acid, Photodynamic therapy for condylomata acuminata with local application of 5-aminolevulinic acid **70**
Antenatal women, Identifying cervical infection among pregnant women in Nairobi, Kenya **334**
Antibiotic, Antibiotic treatment of gonorrhoea—clinical evidence for choice **315**
Antimicrobial agents, Antimicrobial agents and gonorrhoea **253**
Anus, Recurrent perianal warts and anal carcinoma **69**
Aspergillosis, Aspergillus infection of the epiglottis in a HIV positive patient **431**
Attenders
Interview based approach to seeking user views in genitourinary medicine **223**
Who goes to sexually transmitted disease clinics? Results from a national population survey **197**
Australia, Sexual health and use of condoms among local and international sex workers in Sydney **47**
Azithromycin
Chlamydial cervicitis and urethritis **93**
Pilot study of azithromycin in the treatment of genital donovanosis **17**

Bacteria, Investigation of a possible causal role for bacterial vaginosis (BV) in the development of non-gonococcal urethritis (NGU) **303**
Bacterial vaginosis, Case-controlled study of the sexual health needs of lesbians **277**
Bacteriuria, Urinary symptoms, sexual intercourse and significant bacteriuria in male patients attending STD clinics **266**
Balanitis
Balanitis and balanoposthitis **155**
Balanitis and balanoposthitis **453**
Comparison of the efficacy and safety of oral fluconazole and topical clotrimazole in patients with candida balanitis **98**
Balanoposthitis, Balanitis and balanoposthitis **155**
Bone marrow, Bone marrow as a diagnostic tool in HIV-positive patients with pyrexia of unknown origin **303**
Book Reviews
Atlas of Vulvar Disease **310**
Contraception today **148**
Female Genital Infections **228**
General Practitioner's Guide to Genitourinary Medicine and Sexual Health **454**
HIV and AIDS and Older People **310**
HIV infection in children, a guide to practical management **149**
London Lock **228**
Sexual Health Promotion in General Practice **76**
Sexually Transmitted Diseases **388**
Skin Manifestations of AIDS (2nd edn) **228**
Brent, Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **352**
Bronchoscopy, Community-based respiratory viral infections in HIV positive patients with lower respiratory tract disease **9**

Candida lipolytica, Vaginal colonisation by *Candida lipolytica* **146**
Chlamydia trachomatis
Association of antibodies to *Chlamydia trachomatis* heat-shock protein 60 kDa with chronic non-gonococcal urethritis **304**
Chlamydial cervicitis and urethritis **93**
Clinical algorithms for the screening of *Chlamydia trachomatis* in Turkish women **182**
Controlling chlamydial infection **145**
Differences in clinical manifestations of genital chlamydial infections related to serovars **261**
"Does ligase chain reaction assay of urine in the diagnosis of *Chlamydia trachomatis* offer significant improvement over existing diagnostic tests?"—a critical appraisal of the evidence **435**
Epidemiology of genital chlamydial infections in patients with chlamydial conjunctivitis **203**
Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **352**
Genital chlamydial infection among women in Nicaragua **20**
Hormonal factors and the detection of *Chlamydia trachomatis* in women **305**
Reasons for condom failure among chlamydia infected patients attending a department of genitourinary medicine in Copenhagen **384**
Under-diagnosis of female genital *Chlamydia trachomatis* infection **144**
Urethral lymphocyte isolation in non-gonococcal urethritis **362**
Cameroon, Why do men with urethritis in Cameroon prefer to seek care in the informal health sector? **220**
Cancer, Role of vaccines in the control of STDs **398**
Candida
Comparison of the efficacy and safety of oral fluconazole and topical clotrimazole in patients with candida balanitis **98**
Oral candidal population dynamics in AIDS patients with recurrent oral candidosis **304**
Candidiasis, Comparison of the efficacy and safety of oral fluconazole and topical clotrimazole in patients with candida balanitis **98**
Carcinoma, Recurrent perianal warts and anal carcinoma **69**
CD4 count, Reference ranges and sources of variability of CD4 counts in HIV-seronegative women and men **27**
Cervical cytology, Case-controlled study of the sexual health needs of lesbians **277**
Cervix
Cervical cytology and colposcopy in clinics for sexually transmitted diseases—when are they appropriate? **396**
Human papillomaviruses and cervical screening **153**
Role of vaccines in the control of STDs **398**
There is no longer a place for underage cytology in genitourinary medicine clinics **433**
CIN, High grade CIN **304**
Ciprofloxacin, Successful treatment of donovanosis with ciprofloxacin **73**
Clarithromycin, Uveitis associated with rifabutin and macrolide therapy for *Mycobacterium avium intracellulare* infection in AIDS patients **419**
Clinic
Controlling chlamydial infection **145**
Patients attending a vulval clinic in a genitourinary medicine department **146**
Why do patients default from follow up at a genitourinary clinic? **386**
Clinical, Services for female prostitutes in genitourinary medicine clinics in the UK **450**
Clinical manifestations, Differences in clinical manifestations of genital chlamydial infections related to serovars **261**
Clinics, Who goes to sexually transmitted disease clinics? Results from a national population survey **197**
Clotrimazole, Comparison of the efficacy and safety of oral fluconazole and topical clotrimazole in patients with candida balanitis **98**
Cofactors, High alcohol intake and slow progression to AIDS **382**

CO_2-laser, Systemically administered interferon alfa-2a prevents recurrence of condylomata acuminata following CO_2-laser ablation. The influence of the cyclic low-dose therapy regimen. Results of a multicentre double-blind placebo-controlled clinical trial **71**
Colposcopy
Cervical cytology and colposcopy in clinics for sexually transmitted diseases—when are they appropriate? **396**
Genitourinary colposcopy services in the UK **145**
Commercial sex worker, Trends in sexually transmitted diseases and condom use patterns among commercial sex workers in Fukuoka City, Japan 1990–93 **358**
Compliance, Hepatitis B vaccination schedules in genitourinary medicine clinics **210**
Condom
Sexual health and use of condoms among local and international sex workers in Sydney **47**
Trends in sexually transmitted diseases and condom use patterns among commercial sex workers in Fukuoka City, Japan 1990–93 **358**
Condom failure, Reasons for condom failure among chlamydia infected patients attending a department of genitourinary medicine in Copenhagen **384**
Condom use, Changes in heterosexual university undergraduates' HIV-related knowledge, attitudes and behaviour **123**
Condyloma acuminate, Photodynamic therapy for condylomata acuminata with local application of 5-aminolevulinic acid **70**
Condyloma acuminatum, Randomised double-blind trial of recombinant interferon-beta for condyloma acuminatum **111**
Conference, XI International Conference on AIDS Vancouver 7–12 July 1996 **365**
Conjunctivitis, Epidemiology of genital chlamydial infections in patients with chlamydial conjunctivitis **203**
Continuing medical education, Introduction to the Series on Continuing Medical Education **236**
Contraception, Emergency hormonal contraception usage in genitourinary medicine clinic attenders **217**
Contraceptive use, Relationship between knowledge about sexually transmitted diseases and actual sexual behaviour in a group of teenage girls **32**
Control, Sexually transmitted diseases control in developing countries **83**
Copenhagen, Reasons for condom failure among chlamydia infected patients attending a department of genitourinary medicine in Copenhagen **382**
Cryptosporidia, Epidemiology of cryptosporidiosis among European AIDS patients **128**
Cryptosporidiosis, Epidemiology of cryptosporidiosis among European AIDS patients **128**
Culture, Comparison of DNA probe (Gen-Probe) with culture for the detection of *Neisseria gonorrhoeae* in an urban STD programme **108**
Curriculum design, Venus and Freud **290**
Cytology
Cervical cytology and colposcopy in clinics for sexually transmitted diseases—when are they appropriate? **396**
There is no longer a place for underage cytology in genitourinary medicine clinics **433**
Cytomegalovirus
Acute cytomegalovirus prostatitis in AIDS **447**
Cytomegalovirus retinitis in a healthy antiretroviral naive HIV positive male with a CD4 count of 277/mm^3 **446**

DELTA trial, DELTA in the provinces—six months on **306**
Dermatology
Crusted ("Norwegian") scabies in a specialist HIV unit **115, 453**
Detections, Hormonal factors and the detection of *Chlamydia trachomatis* in women **305**
Developing countries
Identifying cervical infection among pregnant women in Nairobi, Kenya **334**
Sexually transmitted diseases control in developing countries **83**
Diagnosis, Gonorrhoea in men **422**
Diet, Dietary intervention in HIV **382**
Direct immunofluorescence testing, Genital chlamydial infection among women in Nicaragua **20**
Discomfort, Self-reported discomfort associated with use of different nonoxynol-9 spermicides **451**
Disseminated gonococcal infection, Systemic gonococcal infection **404**
DNA gyrase, Mutation in DNA gyrase of norfloxacin-resistant clinical isolates of *Neisseria gonorrhoeae* **295**
DNA probe, Comparison of DNA probe (Gen-Probe) with culture for the detection of *Neisseria gonorrhoeae* in an urban STD programme **108**
Donors, Is STD screening of semen donors necessary? **303**
Donovanosis
Pilot study of azithromycin in the treatment of genital donovanosis **17**
Successful treatment of donovanosis with ciprofloxacin **73**
Doxycycline, Chlamydial cervicitis and urethritis **93**
Drug interaction, Adverse effects and drug interactions of medications commonly used in the treatment of adult HIV positive patients **237**
Drug resistance
Multidrug resistant tuberculosis **313**
Outbreak of multi-drug resistant tuberculosis (MDRTB) in a London teaching hospital HIV/genitourinary medicine unit **307**
Duct ectasia, Male duct ectasia associated with HIV infection **65**

Editor, On a new road **81**
Editor, *Genitourinary Medicine*, Time for a change **1**
Education, Venus and Freud **290**
Emergency, Emergency hormonal contraception usage in genitourinary medicine clinic attenders **217**
Epidemiology
Differences in clinical manifestations of genital chlamydial infections related to serovars **261**
Epidemiology of cryptosporidiosis among European AIDS patients **128**
Herpes simplex virus infection in women **71**
Role of epidemiology and surveillance systems in the control of sexually transmitted diseases **321**
Sexually transmitted diseases in South Africa **160**
Epiglottis, Aspergillus infection of the epiglottis in a HIV positive patient **431**
Ethnicity, Sexual behaviour in travellers abroad attending an inner-city genitourinary medicine clinic **43**

Female prostitutes, Services for female prostitutes in genitourinary medicine clinics in the UK **450**
First episode genital herpes, Comparison of referral patterns and characteristics of patients with first episode symptomatic genital HSV-1 and HSV-2 infections in Sheffield **206**
Fluconazole, Comparison of the efficacy and safety of oral fluconazole and topical clotrimazole in patients with candida balanitis **98**
Fluorescence, Glittering vagina—a seasonal phenomenon? **227**
4-fluroquinolone, Rapid emergence of 4-fluroquinolone resistance with associated decline in penicillinase-producing *Neisseria gonorrhoeae* in Colombo, Sri Lanka **302**
Foreign body
Seed of an ulcer **181**
Urethra Case report **67**

Gardnerella vaginalis, Balanitis and balanoposthitis **453**
Gay men
Does outreach work help in the control of sexually transmitted disease? **227**
Rise in hepatitis A among gay men in the Thames regions 1995 and 1996 **449**
General practice
Chronically symptomatic vulva **343**
Partner notification for HIV infection in Denmark **283**
General practitioner, General practitioners' immediate management of men presenting with urethral symptoms **427**
General practitioners, Services to general practitioners **301**
Genital
Pilot study of azithromycin in the treatment of genital donovanosis **17**
Syndromic management of genital ulcer disease—a reply **75**
Genital herpes, Daily antiviral therapy for suppression of recurrent genital herpes in immunocompetent patients—current practice in the UK **308**
Genital infections, Should screening of genital infections be part of antenatal care in areas of high HIV prevalence? **148**

Genital ulcer disease, Syndromic management of genital ulcer disease—a critical appraisal **148**
Genital warts, Is oral contraceptive associated with genital warts? **330**

Antimicrobial agents and gonorrhoea **253**
Does outreach work help in the control of sexually transmitted disease? **227**
Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **352**
Gonorrhoea in HIV seropositive homosexual men attending an East London genitourinary medicine clinic **74**
Gonorrhoea in men **422**
Non-cultural detection of rectal and pharyngeal gonorrhoea **308**
Systemic gonococcal infection **404**

Haemolytic uraemic syndrome, Haemolytic uraemic syndrome in patients with AIDS **172**
Haemorrhage, Fatal haemorrhage following liver biopsy in patients with HIV infection **62**
Harrow, Epidemiology of gonococcal and chlamydial infections in Harrow and Brent **352**
Health advice, Comparison of HIV related advice in genitourinary medicine clinics with different histories **286**
Health seeking behaviour, Why do men with urethritis in Cameroon prefer to seek care in the informal health sector? **220**
Hepatitis A, Rise in hepatitis A among gay men in the Thames regions 1995 and 1996 **449**
Hepatitis B, Hepatitis B vaccination schedules in genitourinary medicine clinics **210**
Hepatitis C
Hepatitis C virus infection in a large cohort of homosexually active men **118**
Hepatitis C virus infection in a male homosexual cohort **213**
Herpes simplex virus
Comparison of referral patterns and characteristics of patients with first episode symptomatic genital HSV-1 and HSV-2 infections in Sheffield **206**
Herpes simplex virus infection in women **71**
Heterosexual, Prevalence of sexual dysfunction in heterosexual patients attending a Central London Genitourinary Medicine (GUM) clinic **308**
HIV attitudes, Changes in heterosexual university undergraduates' HIV-related knowledge, attitudes and behaviour **123**
HIV infection
Active syphilis in HIV infection **176**
Pneumothorax in AIDS **258**
HIV infection/epidemiology, AIDS survival and progression in black Africans living in south London, 1986–1994 **12**
HIV knowledge, Changes in heterosexual university undergraduates' HIV-related knowledge, attitudes and behaviour **123**
HIV treatment, Ups and downs—and ups in the antiviral therapy of HIV infection **2**
HIV
Adverse effects and drug interactions of medications commonly used in the treatment of adult HIV positive patients **237**
Against the proposition **269**
Aspergillus infection of the epiglottis in a HIV positive patient **431**
Brighton HIV cross-sectional dermatology study **307**
Case control study of HIV seroconversion in gay men, 1988–1993 **193**
Changes in sexual behaviour of patients attending an HIV testing centre **37**
Clinical utility of viral load monitoring in HIV infection **393**
Community-based respiratory viral infections in HIV positive patients with lower respiratory tract disease **9**
Cytomegalovirus retinitis in a healthy antiretroviral naive HIV positive male with a CD4 count of 277/mm^3 **446**
Dietary intervention in HIV **382**
Epidemiology of cryptosporidiosis among European AIDS patients **128**
Fatal haemorrhage following liver biopsy in patients with HIV infection **62**
Gonorrhoea in HIV seropositive homosexual men attending an East London genitourinary medicine clinic **74**
Haemolytic uraemic syndrome in patients with AIDS **172**
Hepatitis C virus infection in a large cohort of homosexually active men **118**
HIV infection in a group of New Zealand sex industry workers **301**
HIV Partner Notification (PN) Project **306**
Is rifabutin prophylaxis against *Mycobacterium avium* complex infection in HIV infection worthwhile? The net impact on patients suggests not **272**
Male duct ectasia associated with HIV infection **65**
Molecular immunopathogenesis of HIV infection **408**
Occult miliary tuberculosis in advanced HIV disease **187**
Partner notification for HIV infection in Denmark **283**
Prevention and management of tuberculosis in HIV positive patients living in countries with a low prevalence of *Mycobacterium tuberculosis* **89**
Prevention and management of tuberculosis in HIV positive patients **387**
Role of HIV-proteinase inhibitors **233**
Screening for sexually transmitted diseases in an HIV testing clinic **347**
Uptake of medical interventions in women with HIV infection in Britain and Ireland **281**
HIV-1, High alcohol intake and slow progression to AIDS **382**
HIV-1 infection, Should screening of genital infections be part of antenatal care in areas of high HIV prevalence? **148**
HIV-seronegative, Reference ranges and sources of variability of CD4 counts in HIV-seronegative women and men **27**
Home, Sexual mixing **306**
Homosexual, Gonorrhoea in HIV seropositive homosexual men attending an East London genitourinary medicine clinic **74**
Homosexual men
Case control study of HIV seroconversion in gay men, 1988–1993 **193**
Hepatitis C virus infection in a large cohort of homosexually active men **118**
Hormones, Hormonal factors and the detection of *Chlamydia trachomatis* in women **305**
HPV16, Recall responses to HPV16 by CD4 T cells from peripheral blood **307**
Human papillomavirus
Combined therapy trial with interferon alpha-2a and ablative therapy in the treatment of anogenital warts **103**
Is oral contraceptive associated with genital warts? **330**
Occurrence of human papillomavirus types 16 and 18 in benign prostatic hyperplasia tissues of Saudi patients **345**
Vertical transmission of human papillomavirus in cytologically normal women **445**
Hyperplasia, Occurrence of human papillomavirus types 16 and 18 in benign prostatic hyperplasia tissues of Saudi patients **345**
Hypertension, Haemolytic uraemic syndrome in patients with AIDS **172**

Immunopathogenesis, Molecular immunopathogenesis of HIV infection **408**
Incubation period, Gonorrhoea in men **422**
Infection
Under-diagnosis of female genital *Chlamydia trachomatis* infection **144**
Vaginal colonisation by *Candida lipolytica* **146**
InPouch TV, In vitro metronidazole susceptibility test for trichomoniasis using the InPouch TV™ test **132**
Interferon
Randomised double-blind trial of recombinant interferon-beta for condyloma acuminatum **111**

Systemically administered interferon alfa-2a prevents recurrence of condylomata acuminata following CO_2-laser ablation. The influence of the cyclic low-dose therapy regimen. Results of a multicentre double-blind placebo-controlled clinical trial **71**
Interferon alpha-2a, Combined therapy trial with interferon alpha-2a and ablative therapy in the treatment of anogenital warts **103**
Internet
Genitourinary medicine and The Internet No 2 **380**
Genitourinary medicine and The Internet No 3 **443**
Genitourinary medicine and The Internet **298**

Lesbians, Sexually acquired metronidazole-resistant trichomoniasis in a lesbian couple **60**
Ligase chain reaction, "Does ligase chain reaction assay of urine in the diagnosis of *Chlamydia trachomatis* offer significant improvement over existing diagnostic tests?"—a critical appraisal of the evidence **435**
Liver biopsy, Fatal haemorrhage following liver biopsy in patients with HIV infection **62**
London
Gonorrhoea in inner London **305**
Rise in hepatitis A among gay men in the Thames regions 1995 and 1996 **449**
Long-term survivors, High alcohol intake and slow progression to AIDS **382**
Lupus erythematosus, Systemic lupus erythematosus features in an AIDS patient **448**
Lymphocytes, Urethral lymphocyte isolation in non-gonococcal urethritis **362**

Management, Chronically symptomatic vulva **343**
Maputo, Syphilis seroprevalence among pregnant women and its role as a risk factor for stillbirth in Maputo, Mozambique **339**
Mastitis, Male duct ectasia associated with HIV infection **65**
Men
Gonorrhoea in men **422**
Why do men with urethritis in Cameroon prefer to seek care in the informal health sector? **220**
Metronidazole, In vitro metronidazole susceptibility test for trichomoniasis using the InPouch TV™ test **132**
MIC, Antibiotic susceptibility survey of *Neisseria gonorrhoeae* in Tucumán, Argentina **138**
Microsporidia, Microsporidia **445**
Migrants, Sexual health and use of condoms among local and international sex workers in Sydney **47**
Migration, AIDS survival and progression in black Africans living in south London, 1986–1994 **12**
Miscarriage, Association of bacterial vaginosis with a history of second trimester miscarriage **305**
Mutation, Mutation in DNA gyrase of norfloxacin-resistant clinical isolates of *Neisseria gonorrhoeae* **295**
Mycobacterium avium intracellulare, Uveitis associated with rifabutin and macrolide therapy for *Mycobacterium avium intracellulare* infection in AIDS patients **419**
Mycobacterium avium, Is rifabutin prophylaxis against *Mycobacterium avium* complex infection in HIV infection worthwhile? The net impact on patients suggests not **272**

Natural history, High alcohol intake and slow progression to AIDS **382**
Neisseria gonorrhoeae
Comparison of DNA probe (Gen-Probe) with culture for the detection of *Neisseria gonorrhoeae* in an urban STD programme **108**
Mutation in DNA gyrase of norfloxacin-resistant clinical isolates of *Neisseria gonorrhoeae* **295**
Rapid emergence of 4-fluroquinolone resistance with associated decline in penicillinase-producing *Neisseria gonorrhoeae* in Colombo, Sri Lanka **302**
Systemic gonococcal infection **404**
New Zealand, HIV infection in a group of New Zealand sex industry workers **301**
Nicaragua, Genital chlamydial infection among women in Nicaragua **20**
Non gonococcal, Investigation of a possible causal role for bacterial vaginosis (BV) in the development of non-gonococcal urethritis (NGU) **303**
Non-gonococcal urethritis, Urethral lymphocyte isolation in non-gonococcal urethritis **362**
Nonoxynol-9, Self-reported discomfort associated with use of different nonoxynol-9 spermicides **451**
Nutrition, Dietary intervention in HIV **382**

Opportunist infections, Crusted ("Norwegian") scabies in a specialist HIV unit **453**
Opportunistic infections, Crusted ("Norwegian") scabies in a specialist HIV unit **115**
Oral, Oral candidal population dynamics in AIDS patients with recurrent oral candidosis **304**
Oral contraceptive pill, Is oral contraceptive associated with genital warts? **330**
Outreach worker, Does outreach work help in the control of sexually transmitted disease? **227**

Papilloma virus, Randomised double-blind trial of recombinant interferon-beta for condyloma acuminatum **111**
Papillomavirus, Role of vaccines in the control of STDs **398**
Papillomaviruses, Human papillomaviruses and cervical screening **153**
Partner notification
HIV Partner Notification (PN) Project **306**
Partner notification for HIV infection in Denmark **283**
Role and effectiveness of partner notification in STD control **247**
Partner referral, Partner referral as a component of integrated sexually transmitted disease services in two Rwandan towns **56**
Patient characteristics, Comparison of referral patterns and characteristics of patients with first episode symptomatic genital HSV-1 and HSV-2 infections in Sheffield **206**
Patient default, Why do patients default from follow up at a genitourinary clinic? **386**
PCP, Pneumothorax in AIDS **258**
PCR, Under-diagnosis of female genital *Chlamydia trachomatis* infection **144**
Penile dermatoses, Balanitis and balanoposthitis **155**
Perianal warts, Recurrent perianal warts and anal carcinoma **69**
Photodynamic therapy, Photodynamic therapy for condylomata acuminata with local application of 5-aminolevulinic acid **70**
Pneumonia, Disseminated *Toxoplasma gondii* infection presenting with a fulminant pneumonia **139**
Pneumothorax, Pneumothorax in AIDS **258**
Polymerase chain reaction, Genital chlamydial infection among women in Nicaragua **20**
Post gonococcal urethritis, Gonorrhoea in men **422**
Pregnancy, Syphilis seroprevalence among pregnant women and its role as a risk factor for stillbirth in Maputo, Mozambique **339**
Pregnant women, Should screening of genital infections be part of antenatal care in areas of high HIV prevalence? **148**
Prepuce, Seed of an ulcer **181**
Prophylaxis, Is rifabutin prophylaxis against *Mycobacterium avium* complex infection in HIV infection worthwhile? The net impact on patients suggests not **272**
Prophylaxy, Against the proposition **269**
Prostate, Occurrence of human papillomavirus types 16 and 18 in benign prostatic hyperplasia tissues of Saudi patients **345**
Prostatitis, Acute cytomegalovirus prostatitis in AIDS **447**
Prostitutes, HIV infection in a group of New Zealand sex industry workers **301**
Prostitution, Sexual health and use of condoms among local and international sex workers in Sydney **47**
Proteinase inhibitors, Role of HIV-proteinase inhibitors **233**
Public awareness, STD awareness today **440**
Public health, Sexually transmitted diseases control in developing countries **83**
Pyrexia, Bone marrow as a diagnostic tool in HIV-positive patients with pyrexia of unknown origin **303**

Pyuria, Urinary symptoms, sexual intercourse and significant bacteriuria in male patients attending STD clinics **266**

Quinolone resistance, Mutation in DNA gyrase of norfloxacin-resistant clinical isolates of *Neisseria gonorrhoeae* **295**

Recall responses, Recall responses to HPV16 by CD4 T cells from peripheral blood **307**
Reference range, Reference ranges and sources of variability of CD4 counts in HIV-seronegative women and men **27**
Resistance, Antimicrobial agents and gonorrhoea **253**
Respiratory infection, Community-based respiratory viral infections in HIV positive patients with lower respiratory tract disease **9**
Retinitis, Cytomegalovirus retinitis in a healthy antiretroviral naive HIV positive male with a CD4 count of 277/mm^3 **446**
Rifabutin
Against the proposition **269**
Is rifabutin prophylaxis against *Mycobacterium avium* complex infection in HIV infection worthwhile? **272**
Uveitis associated with rifabutin and macrolide therapy for *Mycobacterium avium intracellulare* infection in AIDS patients **419**
Risk assessment, Identifying cervical infection among pregnant women in Nairobi, Kenya **334**
Risk factors, Genital chlamydial infection among women in Nicaragua **20**
Rwanda, Partner referral as a component of integrated sexually transmitted disease services in two Rwandan towns **56**

Scabies
Crusted ("Norwegian") scabies in a specialist HIV unit **115**
Crusted ("Norwegian") scabies in a specialist HIV unit **453**
Schistosomiasis, "Kumasi modified" two glass urine test and urinary schistosomiasis **383**
Screening
Clinical algorithms for the screening of *Chlamydia trachomatis* in Turkish women **182**
Controlling chlamydial infection **145**
Human papillomaviruses and cervical screening **153**
Is STD screening of semen donors necessary? **303**
Screening for sexually transmitted diseases in an HIV testing clinic **347**
